Career Summary:

- React.js Front End Developer focused on clean, responsive, user-friendly UI builds.
- Delivers modern interfaces using HTML, CSS, Tailwind CSS, Bootstrap, and JavaScript.
- Builds reusable components using Hooks, state patterns, and clean code practices.
- Integrates REST APIs using HTTP handling and validates with Postman testing.
- Maintains version control with Git and GitHub for team-ready collaboration.
- Applies performance optimization and responsive layout techniques for better UX.
- Works with MVC, MVP, MVVM ideas to keep frontend structure maintainable.

Objective: To join as a React Developer where I can deliver component-based responsive UI, integrate REST APIs, and optimize frontend performance using React.js, JavaScript, Tailwind CSS, and clean code practices.

Key Proficiencies:

- Scalable React Components.
- Hooks Driven Development.
- API Data Rendering.
- Frontend Performance Optimization.
- Responsive UI Engineering.
- Maintainable UI Structure.
- Reusable Component Strategy.
- Modern CSS Implementation.
- Debugging And Validation.
- Collaboration Ready Workflow.

Date of Birth: 18 Feb 1996

NID No.: 5556244464

Project:

Restaurant Management: Restaurant management web application built with React and Tailwind CSS, featuring responsive menu browsing, cart and order flow, and real-time data syncing. Uses Axios with TanStack Query for efficient API fetching and caching, backed by Node/Express services with Firebase integration for authentication and persistence. User Interface with [Netlify](#) & [GitHub](#)

Parcel Delivery Web Application: Parcel delivery web application built in React and Tailwind CSS to support booking and tracking shipments with a smooth, mobile-first UI. Integrates REST APIs via Axios and TanStack Query for reliable status updates, powered by Node/Express backend services and Firebase for authentication and data storage. User Interface with [Netlify](#) & [GitHub](#)

Job Portal in Bangladesh: Job portal landing experience designed with React and Tailwind CSS, delivering a clean, accessible interface for job discovery and recruitment branding. Optimized for responsiveness and performance with component-based UI architecture, modern styling, and smooth navigation across devices. User Interface with [Netlify](#) & [GitHub](#)

Educational Qualifications:

- BSc in Computer Science and Engineering, IUBAT Dhaka, CGPA: 3.33, 2023.
- Diploma in Engineering in Computer Science and Technology, Feni Computer Institute Feni, CGPA: 3.15, 2018.
